Memorandum

PEO Student Membership Program

Last updated on: November 28th, 2018 by Benjamin Beelen

Forward

The Professional Engineers of Ontario (PEO) maintains a Student Membership Program (SMP) that has been the subject of several PEO initiatives and conferences such as PEO-SC 2018. This memorandum is to outline what the SMP is, how to join and why to join.

Overview

- ❑ Available to any student currently enrolled at an accredited undergraduate engineering program (any engineering program at the University of Waterloo)
- ❑ **There is no membership fee for the SMP**
- ❑ Register at <http://www.engineeringstudents.peo.on.ca/>
- ❑ Provides PEO Student Number for use on Pre-graduation Experience Form
- ❑ Provides easier access to guides and forms relevant to students and invitations to PEO chapter events

Memorandum

The Professional Engineers Ontario (PEO) is currently pushing their Student Membership Program (SMP) for engineering students to register across Ontario. Any student that is currently enrolled in an accredited undergraduate engineering program (any engineering program at the University of Waterloo) can register, there is **no membership fee for students**.

Why Register?

The SMP provides you with a PEO Student number which you can add to your pre-graduation experience forms. This is not a mandatory step in the form but it adds to the amount of information that the PEO has on your undergraduate career and supports the likelihood of your pre-graduation experience form being accepted.

The SMP also provides you with easier access to links for guides and forms that are frequently requested by students such as the **Pre-graduation experience form** or the **Licensing Guide and Application for Licence**.

How do I Register?

Registration is on the [PEO Student Membership Website](#). It is recommended that you **do not use your @uwaterloo.ca or @edu.uwaterloo.ca** email for this registration for those addresses are subject to change after your graduation, which may alter your ability to access your PEO student account.

There are no proof of enrollment or supporting documents to required register, you will need your: **student number, program, year, expected graduation date and email address**.

SMP Enrollment Statistics

As of November 2018, Waterloo is ranked 6th in total students enrolled in the SMP at 991 students enrolled. First place is Caletton at 2 208, second is Guelph at 2 026 and third is Windsor at 1 428. There are currently 12 341 students enrolled. See external resources for more information.
